Abdulaziz Mohammad

Being a university student and a career-driven individual, I'm enthusiastic and looking forward to gaining practical work experience, utilizing and further developing my skills, and grasping the overall know-how of a professional workspace.

Education

- **BSc. in Information Systems**
Since September 2021 [University of Bahrain](#) Kingdom of Bahrain
Senior Project: **E-invoicing Automated Website**
 - Designed a website to facilitate data automation by uploading invoices instead of manual data entry
 - Utilized OCR (Optical Character Recognition) to convert images into editable and easier to read text
 - Data automation allows all invoices to be collected in **one consolidated database**, reducing the **time consumption** of manual entry and eliminating **human error**
- **Diploma in Information Technology**
From September 2018 to June 2021
[Sheikh Khalifa bin Salman Institute of Technology](#) Busaiteen, Kingdom of Bahrain
- **Computer Hardware Maintenance Course**
From September 2018 to September 2019
[Sheikh Khalifa bin Salman Institute of Technology](#) Kingdom of Bahrain
Informative course on hardware knowledge and awareness.

Experience

- **Data Entry Job:**
 - Worked in data entry job on Microsoft Word and Microsoft Excel.
 - Handled large amounts of data and created summary reports.
- **Taqaddam Program:**
 - Worked as an ambassador at the Taqaddam Program during the time from 2018-2020.

Voluntary Experience

- **Taqaddam Programme**
From September 2018 to February 2020 [British Council](#) Student Ambassador
 - Was chosen as the **student ambassador of my institute in 2020** in the program which aims at providing young people with skills for learning, skills for life and skills for work and finding ways to solve worldwide complications.
 - Learnt important communication skills and soft skills necessary for personal and professional development, as well as the importance of teamwork, by participating in various interactive face-to-face workshops.
- **Istiqlal Virtual Speech Contest 1**
December 2020 [Ministry of Education](#) Student Participant
 - Chosen as the representative of Sheikh Khalifa bin Salman Institute of Technology to participate in the Istiqlal Virtual Speech Contest.
 - Gained confidence in my public speaking skills, learnt how to think critically and show my creative skills through my speech.
